*THE UNRIVALLED COFFEE SYMPHONY*

**FUTURMAT**

# FUTURMAT SENSIOUS

## TOP PERFORMANCE AND RELIABILITY FOR THE BEST ESPRESSO EXTRACTION

When words fail, music speaks and it tells us all about **the best barista coffee** from the acclaimed **Futurmat Sensius and Sensius Gold**.

The curtain rises, and we discover a **machine that beats to the rhythm of every coffee blend**. Just like a violin has its individual soul, so too does this machine, achieving pure pleasure, nuances, aromas and intensity in every single cup.

The new **Futurmat premium coffee machines are a symphony for all the senses**. Their flavours reveal each of the instruments of this symphony, one by one: **high performance, beauty, reliability, the latest technological and digital innovations on the market** and a contemporary design that leaves no one indifferent.

Thanks to its **advanced touch display** it is possible to control the doses as well as many other parameters **to achieve the perfect aroma and texture** of the very best espresso coffee.

The Futurmat Sensius and the Sensius Gold are two **extremely reliable machines with an exquisite Italian design** that is sure to delight even **the most demanding baristas and coffee lovers**.

With its two new Sensius models, Quality Espresso has made the dreams of coffee lovers and roast masters around the world come true, bringing everything together in perfect harmony **to make the very best espresso coffee**.

Without a doubt, this is one of the most sought-after professional HoReCa coffee machines on the market.

## STATE-OF-THE-ART PREMIUM QUALITY

The new Futurmat Sensius stands out thanks to its Italian avant-garde inspired design in line with the European minimalist trends. Without a doubt, it is characterised by its quality, robustness and reliability.

The combination of stainless steel with high-quality materials, such as copper, makes the Futurmat Sensius and the Futurmat Sensius Gold the true jewels of professional coffee machines. A real object of desire.

## SMARTIA (OPTIONAL)

Mobile data connection for remote control and management of the efficiency and productivity of the new Futurmat Sensius.

## 100% COMBINABLE COLOURS.

Futurmat Sensius Gold is available in black and the Futurmat Sensius is available in three carefully selected colours that will look fantastic in your cafeteria.

## ADVANCED TECHNOLOGY

Perfect balance in all phases: controlled pressure, regular and continuous pouring and thermal stability to ensure perfect extraction. The electronic volumetric dosing system allows for up to four different doses of coffee to be selected per group.
